Training Notes

- All participants are required to sign in each day for the morning sessions and the afternoon sessions. If you do not sign in, certificates and travel reimbursement will not be issued.
- Sign in sheets will be at the registration table in the Snider Galley. If you have any questions on this process feel free to ask the staff.
- All presentations will take place in the Presentation Theatre, Room 2200.
- Please take the time to fill out the training evaluations and participate in the feedback & recommendations session. Your input is important to us and we use the information for planning the next training session.

The Community Based Water Monitors / Operators Training Planning Committee hopes you enjoy the training!
